

## LTX-CBL-EM

Material	Zinc alloy
Operating Temperature:	Operating Humidity: 25 °C ~ +60 °C
Operating Humidity	5% RH ~ 95% RH
Quiescent Current: indicator is off	≤ 5uA
quiescent current:	
Instant start (Unlock) Current:	≤ 250mA
Operation key operating current:	≤ 20mA
Battery Life:	Under normal circumstances, open the door > 20,000 times, more than 12 months, under-voltage alarm can open the door about 100 times
Power Supply:	Four AAA alkaline batteries quality
Card Type:	EM Card
Open Door Mode:	Card or Password
